Change Title: Adding second source PCB supplier for VROC hardware key and label change
Date of Publication: May 22, 2026

Key Characteristics of the Change:

Product Material, Label

Forecasted Key Milestones:

| | |
|---|--------------|
| Date Customer Must be Ready to Receive Post-Conversion Material | June 6, 2026 |
|---|--------------|

Description of Change to the Customer:

1. A second source PCB supplier is added to enhance PCB supply resilience.
2. To reflect that the VROC hardware key may use PCB from each supplier, the following label change will be made:
 - a. The Version number will be changed to the "Post Change Version#", as documented in the "Products Affected" section.
3. The company name statement on the label will be changed to the "Post Company Name Statement.", as documented in the "Products Affected" section.
4. The UPC and EAN code on the label will be changed to the "Post UPC" and "Post EAN", as documented in the "Products Affected" section.

Customer Impact of Change and Recommended Action:

Graid Technology Inc. considers these changes minor and anticipates no customer impact. The second source PCB has been tested and passed internal validation.

However, customers should be aware of the changes and take appropriate actions to accommodate the changes to avoid impact to their processes for receiving or integration in their factories. Customers can expect to receive mixed inventory.

Please contact your local representative if you have any further questions about these changes.
